Wedding favors

Consider non-food items or
allergen-free treats

Reception

- Check whether your venue/caterer can accommodate special dietary requests
- Ask on the RSVP - “Please note any food allergies or dietary restrictions” or “Please email us at _____ with any food allergies or dietary restrictions by May 15”
- Consider posting a full menu with ingredients if you’re using a wedding website (appetizers, entrees, and dessert) so guests know what to expect and can plan ahead
- Provide the event venue/caterer’s contact information so they can discuss questions or concerns
- Mark place cards so guests can see their food restrictions were noted
- If there’s a buffet, consider setting aside food ahead of time or allowing those guests to go through the line first to avoid cross-contamination
- Also consider drink options, especially gluten-free
